## OBJECTIVE

---

- As a computer science engineering student, I am looking for a position where I can use my skills and learn new things to help an organization succeed.

## EDUCATION

---

Ramaiah Institute of Technology Bangaluru, Karnataka	2024 – Present
Bachelor of Technology in CSE -Artificial Intelligence and Machine Learning Engineering, (CGPA 7.81/10)	
Sarvajna PU college of science (PUC) Class XII (Percentage – 83.83%)	2020
Chamundeshwari High School (SSCL) Class X (Percentage – 77.12%)	2018

## INTERNSHIP

---

School Dekho	October 2023
<ul style="list-style-type: none"><li>Worked as a frontend developer.</li><li>Developed and maintained web applications using React and Node.js.</li><li>Learned backend development basics with MERN stack.</li></ul>	

## PROJECTS

---

### All in One | Restaurant ( Source Code )

- A comprehensive restaurant management system developed using **React**, **Firebase**, and **Tailwind CSS**. The platform allows users to book **rooms, halls, and tables**, with profile creation and order **history tracking**. **Admins** have full control to monitor all bookings and user activities, providing a seamless management experience.

### Task Management Dashboard( Source Code )

- Developed a Task Management Dashboard using **React.js**, **Redux**, **Firebase**, **Tailwind CSS**, and **Chart.js**. Implemented **drag-and-drop** functionality using react-beautiful-dnd. Integrated **Firebase Firestore** for real-time updates. Used **Chart.js** for interactive task analytics. Designed a **responsive UI** using Tailwind CSS.

### V-shop | E-Commerce ( Source Code )

- An e-commerce website built with **React.js** and **Firebase**, featuring a dynamic and responsive interface. The site includes product listings, **user authentication**, and secure data management. Firebase handles **real-time database** operations and **backend** functionality, while React.js powers the seamless front-end experience.

## SKILLS AND INTERESTS

---

- Languages:** C, C++, Java
- Frontend:** HTML, CSS, Tailwind CSS, JavaScript, React.js
- Backend:** Express.js, Node.js, Firebase.
- Database:** MongoDB
- Developer Tools:** VS Code, GitHub, Postman, Vercel, Netlify

## EXTRA CURRICULAR ACTIVITIES / ACHIEVEMENTS

---

I emerged victorious in the <b>Drawing competition</b> at the taluka level.	2017
Taluka level <b>Volleyball</b>	2018
I have been volunteering for extracurricular events    <b>NSS(National Service Scheme)</b> member	2022
<b>Participated in Infosys Springboard Summit</b>	2024

## ALGORITHMIC COMPETITION

---

### GeeksForGeeks | Profile

- Institute Rank **300th overall**. Tackled over 150+ problems covering various topics.
